

## 2.4mm Solderless Connector

Item code : A17-F2003-01

### Product feature

- DC~50GHz, broad application
- With solderless, minimized error percentage
- Various application for the Telecommunication
- Simple installation

### Electrical Specification

Item	Specification
Frequency range	DC~50GHz
VSWR	1.45 : 1
Insertion Loss	0.35dB [I/L = 0.05*(f_GHz)]
Connector type	2.4mm Female

### Material Specification

Item	Specification
Body	Stainless Steel / Passivated
Center contact	Beryllium Copper / Gold plating
Insulator	Polyetherimide
Temperature	-65°C ~ +85°C

### Drawing
