

# DC BLOCK

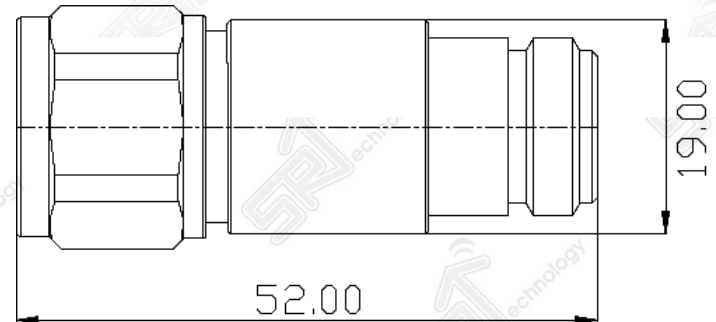

The Best Wireless Solution!

## N DC BLOCK, 18GHz (Inner)

P.N. : H04-A0018-01

### Electrical specification

| Item                | Specification    |
|---------------------|------------------|
| Frequency range     | 10MHz ~ 18.0 GHz |
| Impedance (Nominal) | 50Ω              |
| V.S.W.R (Max)       | 1.40 : 1         |
| Insertion loss      | 1.0dB Max        |
| Voltage             | 50 V             |
| Connector type      | N male – female  |
| RoHS                | Compliance       |

### Material specification

| Item                 | Specification                          |
|----------------------|----------------------------------------|
| Center Contact (pin) | Brass, Beryllium copper / Gold plating |
| Body                 | Brass / Tri-Alloy plating.             |
| Insulator            | PTFE                                   |

### Electrical performance
